LogicWhile Assessment Suite

FUNCTIONAL ENGINEERING SPECIFICATION • GATE MODULE

Doc ID: AL-SPEC-2026-REG
Status: Approved Baseline
Target: Web & Tablet Engine

100%	4 Batches	5 Sections	Argon2id
IDENTITY UNIQUENESS	YOP: 2027 TO 2030	A, B, C, D, E MUTEX	CREDENTIAL SECURITY

1. EXECUTIVE OVERVIEW & FORM OBJECTIVES

The Candidate Registration Module serves as the high-throughput authentication gate for concurrent live assessments. It captures rigorous demographic, institutional tracking, and encrypted credential tokens necessary for secure student accounts and multi-tier real-time leaderboards.

2. MANDATORY DATA FIELD DICTIONARY

Field Name	UI Type	Status	Allowed Values & Validation Pattern	System Role
First Name	TEXT INPUT	REQUIRED	Min 2 chars; Alphabetic only; Auto-capitalizes first letter.	Leaderboard Display
Last Name	TEXT INPUT	REQUIRED	Min 1 char; Alphabetic only; Auto-capitalizes first letter.	Scorecard Record
College	RADIO DROPDOWN	REQUIRED	Searchable combobox with select list + radio buttons for top campuses.	Institution Isolation Key
Year of Passing	RADIO GROUP	REQUIRED	Strictly discrete values: **2027**, **2028**, **2029**, **2030**.	Cohort Normalization
Roll Number	TEXT INPUT	REQUIRED	Alphanumeric (e.g., 22B91A0501). Auto-uppercase. Uniqueness checked.	Primary Unique Index
Branch Code	SELECT DROPDOWN	REQUIRED	EAMCET codes: CSE, CSM, CSD, CSC, `INF/IT`, AID, ECE, EEE, etc.	Domain Standings Filter
Section	RADIO GROUP	REQUIRED	Single-selection radio group: **A**, **B**, **C**, **D**, **E**.	Classroom Micro-Rankings
Email ID	EMAIL INPUT	REQUIRED	RFC 5322 standard email address format. Unique across candidate base.	Result & Recovery Dispatch
Contact Number	TEL INPUT	REQUIRED	10-digit mobile number matching `^[6-9][0-9]{9}$`. Auto-prepend +91.	Critical SMS Verification
Password	PASSWORD INPUT	REQUIRED	Min 8 chars: ≥ 1 uppercase, ≥ 1 number, ≥ 1 special char. Toggle visibility.	Authentication Hash
Confirm Password	PASSWORD INPUT	REQUIRED	Must match Password exactly. Real-time client verification with match indicator.	Credential Verification

Data Integrity & Security Baseline

Composite uniqueness is enforced on `(college_id, roll_number)`. Plaintext passwords are never persisted; credentials must be hashed client-side before transport or immediately hashed server-side using **Argon2id** (or bcrypt with salt rounds ≥ 12).

3. VISUAL INTERFACE & COMPONENT HIERARCHY

The onboarding viewport organizes personal, academic, and credential vectors into progressive logical groupings, preventing visual fatigue before the competitive timer starts.

• LIVE ASSESSMENT ENTRANCE GATE • SYSTEM CHECK: WEBSOCKET READY

FIRST NAME * Venkata Srinivas

LAST NAME * Katta

COLLEGE AFFILIATION (DROPDOWN + RADIO SELECTION) *

[▾] Select or search institution name...

◉ University College of Eng. ○ Tech Campus North ○ V.V. Engineering Inst. ○ Other Campus

YEAR OF PASSING (BATCH) *

○ 2027 ◉ 2028 ○ 2029 ○ 2030

SECTION SELECTION *

○ A ◉ B ○ C ○ D ○ E

ROLL / HALL TICKET NUMBER * 22B91A0501

BRANCH CODE (EAMCET STANDARD) * [▾] CSM (AI & Machine Learning)

EMAIL ID (SCORECARD RECIPIENT) * srinivas.k@college.edu

PASSWORD * •••••••••••••• SHOW

CONFIRM PASSWORD * •••••••••••••• MATCH ✔

4. RELATIONAL PERSISTENCE & JSON EXCHANGE FORMAT

```
POST /api/v1/assessment/register-candidate Content-Type: application/json { "first_name": "Srinivas", "last_name": "Kumar", "college_id": "COL-UNIV-042", "year_of_passing": 2028, "roll_number": "22B91A0501", "branch_code": "CSM", "section": "B", "email": "srinivas.k@college.edu", "contact_number": "9876543210", "password": "SecurePass@2026", "confirm_password": "SecurePass@2026", "timestamp": "2026-09-25T12:45:00+05:30" }
```

Submission Routing & Lobby Handoff

Upon successful HTTP 201 `Created` response, the client receives an encrypted JWT session claim and is routed directly to `/contest/:id/waiting-lobby` with an active WebSocket subscription to the room's Redis Sorted Set leader channel.
